- Theodore Roosevelt

Our Mission

Our community foundation is a cooperative effort among our service organizations (city, education, social/human services, parks and recreation, EMS/Fire, Historical). These organizations are what make Powers Lake unique, friendly, and attractive for existing and new families. Currently, all of our organizations struggle finding enough resources to meet the needs of our community since tax revenue does not keep up. This endowment will be a key to solving that for years to come.

Our Committee

Our committee of local volunteers tell the authentic story of the Foundation and our community. The committee supports those who hope to leave a legacy in the community, connecting them to important information about their gifts and to the Foundation. The committee also reviews grant applications and recommends funding awards based on impact in the community. Finally, the committee advocates for growth of the Foundation, understanding that the bigger the fund, the more grants we can award to local service entities, improving the quality of life for everyone.

Our Service

Once the fund is large enough, the interest earnings can be given as grants to worthwhile projects and programs in the area.

Possible projects funded with Foundation grants:

- Playground improvements
- New equipment for the local Fire Department and ambulance
- Accessibility for community facilities
- Books & supplies for the local library or school
- Restoration of downtown structures
- Repairs to the local Senior Citizens Center
- New equipment for the local clinic

Who Can Get Grants

Any nonprofit organization or government agency in Powers Lake can apply for a grant, including the school district, fire department, city, and ambulance service. The fund does not support congregations or political parties. It is for the general good of the community. For more information about grant guidelines or to apply for a grant, go to www.NDCF.net/PowersLake.

Our Community Partnership

We ask those we serve, or those who call Powers Lake home to help us find ways to build the fund. Social groups can designate a fundraiser ever so often, gaming organization can gift a percentage of revenue, businesses can donate when times are good, individuals can establish memorials or larger Legacy gifts. Working together, we can grow the fund to serve our community more for generations...all of us benefit from its growth.

The larger our permanent fund grows, the more and larger grants we can award. The chart below shows other community foundations in North Dakota and the impact their funds have in their area.

Community Fund	Market Value	Approx. Annual Grants
Tioga	\$118,000	\$4,700
Richardton	\$436,000	\$17,400
Stanley	\$1.6 M	\$64,000
