NDCF AWARDS \$209,682 IN SECOND COVID-19 GRANT ROUND

Bismarck, North Dakota . . . The North Dakota Community Foundation (NDCF) has awarded \$209,682 in its second round of COVID-19 response grants. The grants were awarded to 44 organizations across the state working to improve the quality of life for state residents.

Funding for the grants came from NDCF’s COVID-19 Community & Nonprofit Response Fund and local community foundations that are component funds of NDCF.

“We are pleased to be able to support non-profits and residents in North Dakota during this crisis,” said Kevin Dvorak, President & CEO of NDCF.

NDCF awarded \$248,714 in COVID-19 response grants in April and also administered the ONEOK Hospitality Employee COVID-19 Assistance Fund, which provided \$500 each to 400 hospitality employees in the Bakken oilfields. Total COVID-19 assistance from NDCF to nonprofits and residents is over \$658,000 to date.

NDCF encourages people to donate directly to the trusted, local North Dakota nonprofit of their choice. However, if individuals do not have a particular nonprofit they wish to support, or if they would prefer to remain anonymous, they can donate to NDCF’s COVID-19 Community & Nonprofit Response Fund at www.NDCF.net.

Established in 1976, the NDCF is a public, non-profit tax-exempt corporation which receives and distributes charitable funds to support a wide range of programs that benefit North Dakotans. NDCF manages over \$100 million in assets in over 700 component funds, including local community foundations, organizational endowment funds, donor-advised funds, and scholarships. It has made over \$76 million in grants since its inception with the mission of improving the lives of North Dakota citizens and their communities through charitable giving and promoting philanthropy.
